SUMMARY

I'm a motion designer based in Dhaka with four years of experience in motion design and video editing. I excel at visual storytelling, thoughtful pacing, and smooth motion graphics that make videos clear and engaging.

WORK EXPERIENCE

GET LEVRG

Senior Motion Designer

December 2024 - Present

- Produced SaaS explainer videos and motion content for US-based and international clients, gaining insight into global B2B video production and audiences.
- Collaborated with project managers, client success managers (CSMs), and creative teams to align visual storytelling, feedback, and delivery timelines.
- Transformed complex product messages into clear, brand-consistent animated videos through storyboarding, motion design, and editing.

NAZMC

Video Editor & Motion Graphic Designer

October 2023 - November 2024

- Created videos for Nazmul Ahmed, a well-known Bangladeshi YouTuber and entrepreneur, strengthening my skills in storytelling, pacing, and audience engagement.
- Managed end-to-end production, including cinematography, studio lighting, video editing, and final delivery for his digital content.

SUKS PRODUCTION

Videographer & Editor

January 2022 - September 2023

- Shot and edited content for a wide range of Bangladeshi clients, developing strong practical skills in camera work, lighting, and post-production.
- Worked closely with clients and production teams to translate briefs into polished videos while meeting creative and delivery requirements.
